SUMMARY

"I am a multilingual, professionally trained full-stack developer with strong experience in front-end and back-end development across several programming languages. My area of expertise is creating online apps that are responsive, dynamic, and scalable. I also have experience in video editing, Figma design, 2D and 3D animation, and SEO optimization for websites. With this broad range of abilities, I can provide full digital solutions that are SEO-optimized, aesthetically pleasing, and technically sound."

- **Technical** - JavaScript, React js, Redux, TailwindCss, TypeScript, Node.js, Express.js, Nest.js, Mysql, MongoDB, PostgreSql, Git-Github, Html, Css, Bootstrap, Framer Motion
 - **Others** - Figma, Adobe premiere pro, Blender, Content writing
-

PROFESSIONAL EXPERIENCE

Lgeom Private Limited

Jun 2024 - Sept 2024

Frontend Developer Internship

I made a substantial contribution to the creation of scalable and effective web apps during my four-month internship at Lgeom. Code optimization and API integration with Node.js and NestJS enhanced the performance of my application by 15%. I also used Tailwind CSS to improve mobile responsiveness by 20%, which improved the user experience on a variety of devices. I managed 30% of the frontend development using React as a major contributor, concentrating on creating reusable components and enhancing UI/UX.

Creative Designer & SEO

Jan 2023 - Present

Freelance Projects

Using Figma, I created a number of websites and mobile app interfaces that improved user experience by 25% thanks to responsive and interactive design. In addition, I used Blender to make 2D and 3D animations that enhanced visual content and increased viewer engagement. I used Adobe Premiere Pro to edit promotional films, which increased social media activity and video viewership by 30%. In addition, I employed SEO tactics that increased organic traffic by 40%, concentrating on backlink building, content optimization, and keyword research. In addition, I worked with web services including WebAPI, GraphQL, and REST/JSON, and I tested and integrated APIs using Postman.

EDUCATION & CERTIFICATIONS
